Ohlone Community College District

REIMAGINE & REBUILD

Some questions:

Does your campus . . .

1. utilize Lumens/Augusoft?
2. have a Summer program for kids?
3. utilize the LMS-Canvas?

Overview

- Quick look of Ohlone for Kids & Teens (OFK) at Ohlone College
- Working through the integration of Lumens & Canvas
- Implementation - Baby Steps

Ohlone Summer Enrichment Program FOR Kids AND TEENS

- Started 32 years ago.
- Summer 2021
 - 4 session of two-weeks (Monday to Thursday)
 - Friday sessions (once a week for 8 weeks)

Pivot to Online Education

- March of 2020
 - Ohlone was set to have OFK on campus
- April 2020
 - Coordinator worked with instructors to move most of the classes online.
- College's support
 - Necessary to keep the program running
 - Connection to Early College & Dual Enrollment programs
 - Allowed students to learn college's LMS

How does the integration Work?

The screenshot shows the Ohlone College Community Education website. At the top left is the Ohlone College logo and the text "Community Education". At the top right is a search bar with the text "search for a class..." and a "GO >" button. Below the search bar is a "BUY eGIFT CARD" button. In the middle of the page, there is a "LAST VIEWED" section with three buttons: "ALGEBRA 1 - 2A (GR 7-9)", "ALGEBRA 1 - 2B (GR 7-9)", and "GRADES 8-9". Below this is a heading "Community Education and Ohlone for Kids & Teens". A red arrow points from a blue callout box to the "BROWSE CLASSES" tab in the sidebar menu. The callout box contains the text: "See all the courses by clicking on the 'Browse Classes' tab on the sidebar or use the 'search' function to find a course." Below the heading is a paragraph of text: "Please register early as we expect our classes to fill quickly. All course enrollment will be assessed 7 days prior to the first day of class. As such, please register at least 7 days before the class start date to ensure that we have an accurate account of registrations. Classes that do not meet minimum enrollments will be cancelled and students will be notified at least 3 days before the course start dates via email. No class switches/cancellations allowed after Day 2 of each session." Below this is another paragraph: "Ohlone For Kids and Teens* is a self-supporting program. Class registrations are refundable until 60 days prior to the start of class; thereafter registrations are final and no refunds will be issued unless a class is cancelled. Class changes made within 60 days of the start of class may be subject to a \$25 fee per class."

Community Education and Ohlone for Kids & Teens

See all the courses by clicking on the "Browse Classes" tab on the sidebar or use the "search" function to find a course.

Please **register early** as we expect our classes to fill quickly. All course enrollment will be assessed 7 days prior to the first day of class. As such, please register at least 7 days before the class start date to ensure that we have an accurate account of registrations. Classes that do not meet minimum enrollments will be cancelled and students will be notified at least 3 days before the course start dates via email. No class switches/cancellations allowed after Day 2 of each session.

Ohlone For Kids and Teens* is a self-supporting program. Class registrations are refundable until 60 days prior to the start of class; thereafter registrations are final and no refunds will be issued unless a class is cancelled. Class changes made within 60 days of the start of class may be subject to a \$25 fee per class.

Having trouble registering for classes?

Go To Class

Please use the username and password below to login to Canvas to access your courses.

If you **have** never had a Canvas account, the password will be auto-generated by Lumens for your account. You can reset the password any time by clicking on the 'Reset Canvas Password' link.

Click on the little eye next to the password, and copy the password so that you can use it on the next page to login to Canvas. After copying the password, click on the 'Go to Canvas' button to go to Canvas. Your user name will be automatically populated; paste the copied password and click on 'Log In' button.

 INSTRUCTURE

Positives

- Allowed the instructors to store their course materials on Canvas and transfer to each new session
 - Control over curriculum - Quality Control
- College Branding
- Partnerships

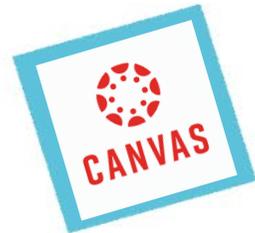

Things to think about:

- Support from your institution / IT department
- Support from Lumens/Augusoft
- Technical issues with the . . .
 - Instructors (training)
 - Students/Parents
 - It creates another login for the student
